MBA Candidate, SP Jain | Focus: Product Marketing & AI Innovation

OVERVIEW

Project and client-delivery manager with 4+ years leading end-to-end delivery, onboarding, and technical implementation in client-facing SaaS, technology, and startup environments. Managed 35+ concurrent projects at 80% on-time delivery and 100% client retention under high autonomy. Experienced in cross-functional coordination across Product, Engineering, Commercial, and Finance; project governance and process optimization; and market-entry consulting across Southeast Asia. Currently completing a Global MBA (SP Jain, Singapore & Dubai; Oct 2026).

PROFESSIONAL EXPERIENCE

Senior Associate Project Manager | Pineapple Design | Mumbai, India | May 2024–Present

- Managed 35+ concurrent client projects end-to-end — from scope design to final testing — solo for 9+ months, sustaining 80% on-time delivery and 100% client retention under minimal supervision.
- Diagnosed recurring delivery bottlenecks and introduced standups, scope buffers, and client-expectation protocols, reducing project turnaround 20%.
- Structured a new AMC service mid-implementation, identifying a post-onboarding retainer opportunity and converting a one-time engagement into a ₹3L+ retainer at 100% margin.
- Coordinated cross-functional delivery across co-founders, developers, HR, and Finance; built a cost-center tracking sheet to monitor costs/margins and reduce billing ambiguity.
- Eliminated 10+ hours of weekly manual work by integrating 8+ automation and productivity tools into client communication and internal reporting workflows.

Project Success Manager, BizzOps & Strategy | Your CxO Online Solutions | Remote | Oct 2023–May 2024

- Promoted Project Associate → Project Manager in 3 months; led 2–3 concurrent client-delivery projects end-to-end with direct CEO reporting.
- Streamlined client communication and operational workflows, driving 15% satisfaction improvement and 22% support-ticket reduction during a period of 10% MRR growth.

Senior Operations Associate | CareerLabs Technologies | Bengaluru, India | Aug 2021–Sep 2023

- Audited customer/delivery workflows and identified 6 drop-off points, implementing automated milestone tracking that increased program completion rates 64%.
- Delivered 45% admission success for 280+ international students via scalable guidance playbooks.
- Influenced product roadmap by analyzing outcome data across 8 programs and advocating dashboard and messaging improvements.

PRODUCT MARKETING PROJECTS (In Progress)

Yokogawa GTM Strategy Consulting Project | 13-week MBA project | Due June 2026

- Formulated a multi-year GTM market-entry strategy for Yokogawa Engineering Asia to launch Microsoft Dynamics 365 ERP; built a 36-month model targeting AUD 5.06M (~USD 3.34M) revenue across a 4-layer commercial model.
- Built bottom-up TAM/SAM/SOM segmentation (CDMOs, dairy exporters) and an OT-ERP differentiation framework; constructed an ROI business case proving a sub-24-month payback.
